

Retired Financial Analyst Voted New Foundation Treasurer

Effective in June, Owen Hyde was elected as Treasurer to the Board of Directors for the Foundation. Past Treasurer Rick Bramhall has assumed the position of Secretary.

Owen and his wife, Virginia, a recent docent, moved to Murrieta nearly two years ago from Orange County. Prior to his retirement, Owen was a real estate financial analyst with an Irvine builder/developer. He also worked for Bank of America as a commercial real estate appraiser for several years.

A native of South Dakota, Owen came to California via Utah and Colorado. He has always had a love of the outdoors and as a result has been an avid birder for the past 20 years.

The Santa Rosa Plateau was a natural magnet which drew the Hydies as frequent visitors, and created a desire to give of themselves to a place that has provided them so much enjoyment.

Owen commented that "some of the happiest times in my life have been spent exploring the outdoors. Hopefully my work with the Foundation will help other to enjoy the same experience."
